ABOUT ME

My name is Jessica Pinto, I'm currently taking courses with Codecademy on programming, mainly Front-end Engineering. I have a background in illustration but have decided to pursue a more technical route with my creative and artistic background being an asset. I'm really passionate about learning, trying new things and I also love to cook as a hobby!

WORK EXPERIENCE

STUDENT

CODECADEMY 2021- PRESENT

I completed HTML5, CSS, and Javascript. And currently taking interactive Javascript and familiarizing myself with other programming languages.

ENVIRONMENTAL SERVICE

HOSPITAL d'ORBE 2020-2021

Working with a team to insure the safety of all patients and employees within the facility from contamination. Everything within the Hospital needed to be properly sanitized and agreeable with the health code.

ENGLISH INSTRUCTOR

FREELANCE 2019-2020

Working closely with clients to better understand the English language. My classes include grammar, sentence structure, correct articulation, and cultural appropriation.

ILLUSTRATOR

FREEIANCE 2014-2018

T-shirt designs paintings that were commissioned by several clients within my network. Designs were made in Adobe illustrator, and paintings were made by hand with acrylic paint.

COSMETOLOGIST

KATHY ADAMS SALON 2010-2013

Studied cutting, styling, and color. Building close relationships with customers. Salesperson for Redken hair products.
